PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience in React.js, Java, MySQL, and REST API integration through internships and real-time projects. Skilled in building responsive web applications, frontend development, and scalable UI components. Seeking an entry-level Software Engineer role to contribute technical and problem-solving skills in a growth-oriented organization.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Bootstrap,

Backend: Java, Spring Boot, REST APIs, CRUD Operations,

Database: MySQL, MongoDB,

Concepts: OOPs, CRUD Operations, Responsive Design, API Integration, Debugging.

INTERNSHIP EXPERIENCE

Full Stack Developer Intern, VDart Academy – Tiruchirappalli | Dec 2025 – Apr 2026

- Developed responsive React.js modules for a Logistics Document Verification & Tracking System.
- Built reusable UI components to improve scalability and maintainability.
- Integrated REST APIs for document validation and shipment tracking workflows.
- Collaborated on debugging and frontend optimization to enhance performance

Full Stack Developer Intern, ILife Academy – Tiruchirappalli | May 2025 – Jun 2025

- Developed dashboard modules for a Student Information Management System (SIMS).
 - Implemented responsive UI features and integrated backend APIs for real-time data flow.
 - Improved user experience through frontend optimization and debugging.
-

PROJECTS

Employee CRUD Operation

Technologies: Java, Spring Boot, Thymeleaf, MySQL, Docker, GitHub, Render

- Developed and deployed a full-stack CRUD web application for managing employee and student records using Spring Boot and MySQL.
- Implemented responsive UI with Thymeleaf and integrated cloud-hosted MySQL database services for real-time data management.
- Containerized the application using Docker and deployed it on Render Cloud with GitHub version control integration.
- Gained hands-on experience in backend development, database connectivity, cloud deployment, and application hosting.
- Live Project: <https://employeecrudoperation.onrender.com>

Weather Application

Technologies: React.js, REST API

- Built a real-time weather forecasting application using API integration.
 - Implemented responsive UI design and handled API error states effectively.
 - Live Project: <https://endearing-wisp-067739.netlify.app>
-

EDUCATION

Master of Science (M.Sc.) in Computer Science

St. Joseph's College, Tiruchirappalli, | 2024 – 2026 | CGPA: 7.40

Bachelor of Computer Applications (BCA)

St. Joseph's College, Tiruchirappalli, | 2021 – 2024 | CGPA: 7.00

CERTIFICATIONS

- Web Development – HTML5, CSS3, JavaScript, React.js
- Java Web Application Development – Spring Boot & REST APIs
